

Request for B2B WEEE Collection

Once Waste Electrical & Electronic Equipment (WEEE) reaches the end of its useful life it should be treated, recycled and disposed of in an environmentally sound manner in accordance with the WEEE Regulations. This means that it should be treated by an Approved Authorised Treatment Facility (AATF). It is the responsibility of the Producer of WEEE to finance the costs of this unless an alternative arrangement has been made

C. Gerhardt Uk Ltd has made arrangements with Transform to collect and treat the Electrical & Electronic Equipment that they have supplied to you once the equipment has come to the end of its life products.

If you require a collection of WEEE from your business please contact us on 01280 706772 or via e-mail at info@gerhardtuk.com to receive a Request for Collection form to return to us
